

US Culture Collection Network

An NSF research coordination network for a community of ex situ microbial germplasm repositories

2018 Meeting on Collection Data

Tuesday, August 21

10:00 AM Steering committee meeting

1:00 PM Opening session

Welcome Kevin McCluskey, [USCCN](#)
Manzour Hasbon, [ATCC](#)

Big Data and culture collections

Greg Riccardi, [IdigBio](#)
Conrad Schoch, [NCBI Taxonomy resources](#)
Nikos Kyrpides, [GEBA/JGI](#)

Persistent Identifiers

Anita Bandrowski, [RRID](#)
George Garrity, [Names for life](#)
Juncai Ma, [GCM](#)

Eve Dinner
Data drives opportunity and obligation
Speaker nominations?

Wednesday, August 22

AM Implementing data Standards
Linhan Wu, [ISO TC](#)
David Nobles, [UTEX data in GBIF](#)
David Smith, [CABI](#)
Nominee? [SciColl International](#)

Updates

Kimberly Webb [Backups at USDA NLGRP](#)
Phyllis Himmel [Collaboration for Plant Pathogen Strain Identification](#)

PM

Working groups

Support for generating genome DNA

Philanthropist support for USCCN
2019 CSBR RCN?
Posting data with iDigBio (and GBIF)
Implementing RRID
Persistent identifiers

Eve Dinner on your own

Thursday, August 23

AM Collection presentations
James Scott, [UAMH update](#)
Todd Ward, [USDA NRRL Patent Collection](#)
Donna Cassidy-Hanley, [Tetrahymena Stock Center](#)

Sustaining the USCCN
Cliff Duke [ESA SBI](#)
? [Philanthropic support?](#)

PM Reports from the working groups/ discussion

Posting data with iDigBio (and GBIF)
Implementing RRID
Persistent identifiers

Support for generating genome DNA
Philanthropist support for USCCN
2019 CSBR RCN?

Early departure (3:00 pm)
